- Plz honey , I have already worked for about four years and you're okay with that
- I could handle my responsibilities and organize between you , the children and my work as I had done before
- My job is favorite hoppy that makes me feel useful to society and to myself I know you want me happy , Doesn't you ?I'll appreciate that favor
- Be sure that I'll never let my house down and will never tell you anything without thinking about its pros and cons to make sure that for the common good
- In addition , the new promotion will give me an extra income which help in order to make me to spend them on the kids and make me to buy you the coffee machine which you loved
- I love you whatever your answer is .
